Washington, D.C. 20204

Dear Dr. Kahl:

McLind Corporation wishes to notify the Food and Drug Administration that it has, within the past 30 days, commenced marketing a dietary supplement which bears a nutritional support statement under Section 403(r)(6) of the Federal Food, Drug and Cosmetic Act.

The dietary supplement for which the statement is made is MSM. The dietary ingredient that is the subject of the statement is Methylsulfonylmethane. The statements read as follows.

"MSM (Methyl-Sulfonyl-Methane) is an easily absorbed source of sulfur, one of the most abundant minerals in the human body. Sulfur is essential in many body functions. It is critical to the production of healthy collagen-the building block of nails, skin, hair, joints and other connective tissues."
"For Healthy Joints, Hair, Skin & Nails."

This statement is accompanied by the required disclaimer which is prominently displayed in bold-faced type.

This information contained in this notice is complete and accurate and the above statement is based on data which renders these statements substantiated, truthful and non-misleading.

Sincerely,
McLind Corporation

Douglas McFarland, M.D.
Director, Product Development
